

## Ana Garrido | Script Supervisor

Ana possesses a comprehensive knowledge and wide spectrum of technical skills. She has worldwide shooting experience in all formats and can work with both the British and US slating systems. Her multilingual skills have proven extremely useful on a number of productions.

She is a Digital Script Supervisor, using a digital system designed for Script Supervisors, in which all paperwork can be kept digitally and sent by email to the production office and edit suites at the end of each day (fantastic when working abroad or running several units)

Bilingual English & Spanish (basic French, Portuguese & Latin)
